In Search Of Leaders

Pulaski Tomorrow, the newly formed adult leadership group, is looking for 15-25 motivated individuals to join its inaugural leadership class.

If you would like to get involved in your community, or know someone that has a desire to strengthen leadership skills and is willing to commit to an intensive five-month classroom learning environment, consider the Pulaski Tomorrow Leadership Program.

Pulaski Tomorrow is a leadership development program dedicated to cultivating new leaders with a shared vision of community engagement and an empowered sense of responsibility by promoting a progressive outreach curriculum, encouraging opportunities for civic investment, and providing a platform to develop untapped leaders for the future of our community.

Nomination forms are available at the University of Georgia Extension Service Office, the Hawkinsville-Pulaski County Chamber Office and at the Hawkinsville Dispatch & News.
