The Grady County Archway Partnership Executive Committee conducted their monthly meeting April 12, 2012 and made significant programmatic process.

- The Executive Committee agreed upon the final draft of the 2012-2013 work plan which features four primary issue categories:
  1. Education For a Quality Work Force
  2. Community Development Through Intergovernmental Cooperation
  3. Community Health and Wellness
  4. Leadership Development

- Began discussion on identifying Executive Committee leadership and community participants for two issue work groups:
  1. Establish a Health Issue Work Group that represents a partnership among healthcare and social service providers to identify and prioritize community-wide issues, challenges, and opportunities that impact the health and wellness/well-being of Grady County residents.
  2. Establish a Local Business and Industry Advisory Board (issue work group) to identify workplace trends, promote opportunities for student learning in the workplace, assist college and career pathway implementation, and seek private funding (or other funding resources) to support educational efforts.

Media Coverage

Media coverage of the Grady County Archway Partnership continues to be strong with three features this month:

March 28, 2012  
*The Cairo Messenger*, p. A1  
Businessmen believe Tired Creek Lake will become an economic boost
