Sumter CED Summer Intern Presentations
Presentations were made by two summer CED interns to the Sumter Co Board of Commissioners on July 8. The presentations included concepts for the installation of a marker and monument commemorating the Civil Rights struggle and local events including the local incarceration of Dr. MLK, Jr; entry signage for the Sumter County Courthouse and consistent way finding and interpretive signage for the City of Andersonville’s Pioneer Village packaged for execution and completion by a local Eagle Scout candidate.

Sumter Grant Writing
A draft grant proposal to renovate a city owned playground was prepared by the Institute for Nonprofit Organizations for the Sumter Area Ministerial Association (SAMA). Next steps include applying for funding and utilizing the playground project as a platform for SAMA to undertake more community-need orientated issues.
