Leadership Hart Youth Kicks Off
Leadership Hart Youth kicked off its 2015-2016 class on Nov. 18. The class includes 16 Hart County High School juniors who applied and were selected to participate. The November session was the first for the group, and covered understanding leadership, leadership styles, and team-building. Leadership Hart Youth is a partnership of the Hart County Chamber of Commerce, Hart County High School, and Hart County Archway Partnership and is coordinated by a local steering committee. The program uses Youth in Action leadership curriculum developed by the UGA J.W. Fanning Institute for Leadership Development and facilitated by local volunteer instructors. Archway Professional Ilka McConnell assisted in facilitating the session, and Cooperative Extension agent Josh Halpin helped lead team-building activities.
