Accomplishments
Linton Park PR/Advertising Campaign
Two graduate students from the Grady College of Journalism and Mass Communication visited the staff of the Washington County Recreation Department on Nov. 19 to present a public relations/advertising campaign for Linton Park. The campaign included a suggested logo, print materials and social media.

Washington County Community Focus Maps
Staff from the Carl Vinson Institute of Government, ITOS Division, presented the completed Washington County Community Focus Maps on Nov. 18. The project is an online interactive mapping application that provides community information to site visitors and economic development information to potential businesses/industries.

Ongoing Efforts
Highway 15 Coalition
The Highway 15 Coalition met by conference call on Nov. 10. Participants selected a web designer, heard an update on the magazine and cell phone coverage, and agreed to request each local government prepare a resolution for naming “Traditions Highway”.

GeorgiaLEADS work group
The GeorgiaLEADS work group is working closely with the UGA Fanning Institute to finalize a leadership work plan for the community.

Sandersville traffic flow
UGA College of Engineering students visited downtown Sandersville on Oct. 23 to begin their work on traffic flow issues in the downtown area. Students met with Sandersville Public Works Director and the Washington County Administrator. Project will be completed in Spring Semester.
