

## 2022 IN REVIEW

### Student Involvement:

# 21

### Faculty Involvement:

### Projects Completed:

# 13

### Community Health Needs

Archway assisted Taylor Regional Hospital with their Community Health Needs Assessments (CHNA). Required by law every three years, Archway and the College of Pharmacy's assistance with the CHNA helps save tremendous time and resources for the hospital.

# ROI: \$699,931

# PROJECT SPOTLIGHTS

## PRIORITY AREAS

1. Education and Workforce Development
2. Economic Development
3. Health, Wellness and Recreation
4. Community and River Development

*“Most of the people in Georgia have never been to Athens. They know about the University of Georgia because they see it in their communities.”*

– Jere Morehead  
President of the  
University of Georgia

### Ocmulgee River Boat Landing

The Ocmulgee River was at the heart of Hawkinsville for 100 years before economic changes led a shift away from the river. A new recognition of the river as a recreational and quality of life asset led to College of Engineering students developing plans for a new boat landing, boardwalk and park area.

*“Simply stated, we are better as a community because of the University of Georgia and the Archway Partnership.”*

– Shelly Berryhill  
City Commissioner

### Commerce Street Redesign

As part of Hawkinsville's RSVP plan – developed with extensive community input by the Carl Vinson Institute of Government – UGA engineering students working through Archway developed a redesign for Commerce Street. The new design, implemented in 2022, is more pedestrian and retail friendly.

For more information on Archway Partnership in Pulaski County, contact our Archway Professional.
