

2023 IN REVIEW

Student Involvement:

Faculty Involvement:

Projects Completed:

COMMUNITY REVITALIZATION

Several Archway projects have been initiated or implemented opened over the past year. The Commerce Street redesign, Veterans Park renovation and the RSVP planning have changed the face of downtown Hawkinsville and are bringing new life for the restaurants and businesses of the community.

ROI: \$643,511

PROJECT SPOTLIGHTS

PRIORITY AREAS

1. Education and Workforce Development
2. Economic Development
3. Health, Wellness and Recreation
4. Community and River Development

ENGINEERING STUDENTS

Two groups of engineering students chose Pulaski County sites for their year-long Capstone projects. A project with the Board of Education examined ways to utilize the Jackson House as an event center and the second project focused on enhancing preschool facilities at the First Baptist Church. The two projects have a combined value of more than \$150,000.

"Most of the people in Georgia have never been to Athens. They know about the University of Georgia because they see it in their communities."

*– Jere Morehead
President of the
University of Georgia*

"Simply stated, we are better as a community because of the University of Georgia and the Archway Partnership."

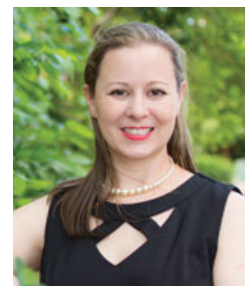

*– Shelly Berryhill
City Commissioner*

LANDSCAPE DESIGN

Hawkinsville and Pulaski County continue to maximize the connection to the UGA College of Environment and Design through Archway. Students have honed designs for numerous sites throughout the county, including the Hawkinsville-Pulaski Industrial Park, Hawkinsville City Hall, the Highway 341 Gateway and the Hollingsworth & Vose entry just last year.

For more information on Archway Partnership in Pulaski County, contact our Archway Professional.
